Laundry Line Logic

Reasons and Tips for Hanging Your Laundry Outside

April 2002

I have lived in apartments, duplexes, and now a home, and have always tried to get some laundry hanging in the fresh breeze!

Reasons

- The task provides a quiet reflective unhurried escape that renews your mind!
- You are surrounded by flowers and a fresh breeze!
- The laundry dries quickly.
- The laundry smells wonderful!!!
- The breeze irons out wrinkles.
- The sun removes stains and disinfects.
- You save on your heating bill.

Tips

- Tumble the laundry in your dryer for three minutes first.
- Use a retractable clothesline, so you don't have to clean it.
- Hang your line where there are no trees above.
- Hang personal items on a rack out of view.
- Plan laundry on sunny days.
- Turn dark clothes inside-out to prevent fading.
- Hang shirts from the bottom.
- Shake items before folding.
- Place sheets and blankets back in the dryer for a few minutes to remove more lint.

Father, slow me down. Renew my mind today. Thank You for the Son of Life who disinfects my soul. Holy Spirit, Breath of God, breathe through my soul Your freshness and calm. Bring light to my eyes and purity to my thoughts. In the name of Yeshua the Messiah, Amen.

“Therefore, we do not lose heart, but though our outer person is decaying, yet our inner person is being renewed day by day.” (2 Corinthians 4:16)
